Anchorage to Anchorage

INTRODUCTION

This fly-out bear viewing adventure takes you to Brooks Falls, where three bear viewing platforms allow for close, unobstructed and extraordinary bear viewing in Katmai National Park. In July, as many as fifty bears can be seen hunting salmon along the 1.5-mile Brooks River, and while this tour is self-guided, Park Rangers provide an initial briefing upon arrival and are available throughout the park for questions. At busy times of year a wait list for the Lower River bear viewing platform may be necessary, but there is still plenty of room in Katmai for everyone to see the bears!

****What's Included**** - Intimate two to three hour scenic flightseeing float plane tour with window seat and 2-way headset from Anchorage - Box lunch upon arrival at Katmai National Park - Katmai bear viewing at Brooks Falls - watch them catch jumping salmon! - Wildlife watching on return flight for beluga whales, moose and Dall sheep - Anchorage hotel transfer to the Lake Hood float plane base - All taxes and fees
