Encompassing over 700 acres with various natural habitats, the Yukon Wildlife Preserve offers unparalleled wildlife viewing and photo opportunities.

### Day 3 Whitehorse to Haines Junction | 154 km/96 mi

Depart Whitehorse today for an easy two hour drive along the historic Alaska Highway to Haines Junction. This town is the only thing not huge in Kluane country with a population of 800 residents, which is fewer than the number of grizzly bears in Kluane National Park. The park is home to Canada's highest peak and the world's largest non-polar Icefields that lie behind the façade of mountains that provide the town's spectacular backdrop. For a truly unforgettable experience, take an air tour over the park. From above some of the planet's largest glaciers, you'll get a true sense of the scale and magnificence created by nature.
